## How Does An "Inferior" Short Man Become A Ladykiller

### CHAPTER 0

#### WHY UGLY SHORT MEN CAN ALSO BE LADYKILLERS?

##### 0.1 Why I Use "Chapter 0" So Weird Way?

Originally I considered to call it "Preface", however if I used "Preface" then most guys would skip it – the extremely important part of this book, it would be an irreparable loss for them, so I determined to use this "weird" way to grab your attention.

Yes, we have to admit that a few (around 15% according to a statistics research report from Harvard University) women indeed care more about men's wealth, height, social status and whether they have good looking and huge penises or not, nevertheless most women in 21st century are so-called "Open Type", which means she doesn't mind dating and sexing with different kinds of men, so long as they can attract her by some other means.

If you can attract women by other means, say, by showing your CONFIDENCE, charisma, humor, bravery, and so on, then she more likely starts to "selectively ignore" those not shining parts of your appearance... Good news is that most women will do this although not each of them will.

Your confidence, masculine vibe, charm, humor and bravery are the best weapons to conquer women.

### 13.3 The BLOODY Truth Of Friend Zone – Inner Monologue Of Women

Hi my sweet handsome boy, I really like you, you know it. You always patiently listen to my complaints and respond with proper compliments. As you know, I don't see any relationship possibility between us. Having sex with you is absolutely a horrible thing that will totally ruin our great friendship from which I benefit a lot but you get nothing. Isn't it wonderful? I know you get it as always.

Although we are not perfect match, but we are super close friend, aren't we? I trust you, always tell you everything, you like listening to me talking about those gossips. I can't imagine how we can date each other, that will only complicate the gorgeous setup I designed, and I don't think you would take this risk to destroy this rapport with me, would you?

## How Does An "Inferior" Short Man Become A Ladykiller

You know you are my best friend, so don't desperately change the fact. I mean, we might try dating once or twice and mess around a little bit, that's OK, but that doesn't change anything you've spent countless time with me in this platonic game making you so haggard. We could neither go back to the past nor change the way we were in which I have used you due to your passionate attraction to me so that you were at my beck and call. How can I change this kind of friendship from which I have benefited so much?

Of course No! It's the fate that we become very very good friends, you can only hang out with me each time I dump or am dumped by my boyfriend because I at that time especially need the care and attention from males to fill my emotional vacuum and boost all-consuming ego.

Bad things will happen once romance jumps into our pure friendship. I've told you how miserable I am as my recent relationship was broken. Did you still remember that man's name when I cried calling you at 4 o'clock the early morning because he hadn't replied my WhatsApp for 17 hours? Yes, it's the man that in your birthday party you introduced to me! After that we had had wild passionate sex for five months till last week he fucked another sexy bitch and dumped me. This pain has tortured me so badly that I couldn't sleep unless I crazily masturbate myself having sex fantasy with him! If this happened to us I could commit suicide!

## How Does An "Inferior" Short Man Become A Ladykiller

OMG, can you ever imagine we get nude before each other since I've regarded you as my brother for the last six years? So embarrassing! Can you also imagine how awkward we get? Say, you buy me ice cream to comfort me after I quarreled with my boyfriend, or you accompany me to go shopping, from time to time you stare at my body thinking "Her boobs are so soft, which I've played for many times", so weird, isn't it?

Moreover, you would definitely hate me if I were your girlfriend: You have to confront a needy girl who likes making drama now and then. And also you would never know as my boyfriend many dirty secrets between me and many other jerk guys I sleep with. Let's not change this because that makes us us.

Hey, do you remember I've told you unlimited times you are so smart, handsome? So, no worry, lots of beautiful girls except me crave to date you, I firmly believe you will find someone soon. When you do find that girl, I will be right by your side flirting with you before her, I guarantee you we will get so intimate with each other that she will be bound to get extremely jealous and angry although you explain to her again and again we are just friends. Later when she dumps you, the old good times will come back and we will live the way the same as we did in the past six years – you are my best friend, for good!
